

TEJ BAIDWAN

FULL-STACK DEVELOPER

(226) 788-9865
TEJVIRS.BAIDWAN@GMAIL.COM
WINDSOR, ON

OBJECTIVE

Create and maintain full-stack applications using a variety of technologies to give them the cutting edge. I am very passionate when it comes to developing using new technologies and I always like to learn about new tools.

SKILLS & ABILITIES

- Experienced with front-end development with HTML5, CSS3, JavaScript and Angular
- Well versed in backend development using PHP's Laravel library
- Worked extensively with databases using MySQL and SQL
- Familiar with mobile app development for both IOS and Android OS
- Programming language experience with Java, Swift, Python, and C#

EXPERIENCE

2020-Present

Postal Clerk @ Canada Post
Shoppers Drug Mart

Working as a Post Office clerk at a busy Canada Post outlet located in SDM. Daily tasks require great skill, time management, and working under pressure. Cash handling and customer service are part of the daily schedule. The skills I learn here are integral to working in a team-based job.

EDUCATION

September 2022- Present

Expected April 2025

Advanced Diploma in Mobile Application Development
St. Clair College (Windsor, ON)

Enrolled in an advanced diploma program which rigorously delves into the development of applications for both web and mobile devices. An array of programming languages, development software, and operating systems are touched on

ADDITIONAL SKILLS

- Team player that works well in group settings
- Problem solving
- Time management
- Experienced in Microsoft Word, Excel, PowerPoint
- Graphic design and prototyping using Figma and AdobeXD
- Experienced with using Git and GitHub for project management
